Biogas & Electric is awarded U.S. Patent No. 8,012,746

San Diego, CA – 9/6/2011 – Biogas & Electric is awarded a US Patent.

Biogas & Electric is developing a novel low cost NOx and SOx reduction solution for biogas engines. Seth Burns, CEO of Biogas & Electric, stated "I am very pleased to report that Biogas & Electric has been issued a U.S. Patent protecting our novel low cost NOx and SOx reduction solution - *NOxRx*[®]. Having an issued U.S. Patent will enable Biogas & Electric to move forward with raising capital, and partnering with others to bring *NOxRx*[®] to the marketplace."

U.S. Patent No. 8,012,746, titled "*NOx removal system for biogas engines at anaerobic digestion facilities*" was invented by Michael C. Matelich, Chief Scientific Officer at Biogas & Electric.
